

Message from Director IIT Roorkee

Chairman JAB 2019, and Co-Chairman JoSAA 2019

First of all, I would like to congratulate all the successful candidates and their parents. This success is the result of their hard work, dedication, and determination over a long period of time.

This year, 107 institutes (including 23 IITs) will take part in the seat allocation process to be conducted by JoSAA and candidates will have a choice of more than 600 programs. The choice filling will begin on June 16, 2019. Initially, there will be two rounds of mock seat allocations. The choice filling will continue till June 25, 2019 and the seat allocation of the first round will be declared on June 27, 2019. There will be a total of seven rounds. The seat allocation after the seventh round will be declared on July 18, 2019.

I hope you will keep your interest and aptitude in mind before including any program in your list of choices. Further, you may submit only those choices of institutes and academic programs where you would be willing to join. Thus you should avoid submitting options which you would not like to avail, if allotted. The options once frozen cannot be changed. To help you get some idea of past trends, the opening and closing ranks of various programs and institutions are available on the JoSAA 2019 website for the last three years. I wish you success as you enter the next phase of your life. May you live up to the expectations of the society and the nation!

Professor Ajit K Chaturvedi
Director, IIT Roorkee
Chairman, JAB 2019 and
Co-Chairman, JoSAA 2019
